SECTION 63.71 APPLICATION OF AT&T

AT&T Services, Inc., on behalf of its affiliate, AT&T Corp. (referred to herein as "AT&T") applies for authority under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, and Section 63.71 of the Federal Communications Commission's ("Commission") rules, 47 C.F.R. §63.71, to discontinue AT&T Basic 800 Service and AT&T 800 Masterline Service.

As required by Section 63.71 of the Commission's rules, AT&T provides the following information:

Name and Address of Carrier:

AT&T Corp.

The address for purposes of this application is:
1057 Lenox Park Blvd
Atlanta, GA 30102

Date of Planned Service Discontinuance:

Effective on or after December 31, 2020, pending regulatory approval, AT&T will discontinue AT&T Basic 800 Service and AT&T 800 Masterline Service, and these services will no longer be available to new or existing customers.

Points of Geographic Areas of Service Affected:

Once approved, AT&T will discontinue offering AT&T Basic 800 Service in Alabama, New Jersey and Pennsylvania, and AT&T will discontinue offering AT&T 800 Masterline in Missouri, New Jersey, Ohio, Pennsylvania, South Carolina, Tennessee, and Texas.¹

Brief Description of Type of Service Affected:

AT&T Basic 800 Service allows inbound toll-free service terminating on dedicated lines. This service was designed for customers who receive 80 to 600 hours per month of toll-free calls.

AT&T 800 Masterline is a transmission path to a station associated with AT&T 800 Service where calls are received from the AT&T network. It is an inbound toll-free service that terminates on dedicated lines.

The public convenience and necessity will not be impaired by the discontinuance of this service because there are alternative voice services available to these customers, including AT&T's Toll-Free READYLINE Service, which provides toll-Free calling capabilities for calls terminating at a customer location in the US Mainland, Hawaii, Puerto Rico or the US Virgin Islands using a switched access line.

Brief Description of the Dates and Methods of Notice to All Affected Customers:

¹ AT&T ceased offering these services in other states as it had no existing customers and had no reasonable requests for these services in 30 days in those states. *See* 47 CFR 63.71(g).

Customer notices were sent via U.S. Mail on October 21, 2020.² Copies of this Application are being sent, first class U.S. Mail to the public utility commission, governor, federally recognized tribes (if any) in the affected state, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by 63.71(a) of the Commission's rules.

Regulatory Classification of Carrier:

AT&T offers AT&T Basic 800 Service and AT&T 800 Masterline Service pursuant to non-dominant carrier regulation.

Questions about this application may be addressed to Joshua Woodbridge, AT&T Services, Inc., Director - Federal Regulatory, 1120 20th Street N.W., Suite 1000, Washington, D.C. 20036, (202) 457-2139.

Conclusion:

As discussed above, the public convenience and necessity will not be adversely affected by the discontinuance of AT&T Basic 800 Service and AT&T 800 Masterline Service because there are other options for these services available in these areas. AT&T respectfully requests the Commission approve its Section 63.71 Application to discontinue service.

Respectfully submitted,

By: /s/Terri L. Hoskins
